

WE ARE ON THE MOVE...

- A NEW SCHOOL YEAR
- A NEW CLASS
- A NEW SCHOOL

HAVE YOU CONSIDERED HOW YOU WILL TRAVEL TO SCHOOL?

The school council have worked hard to devise the new school travel plan (available on the school web-site), however we would like you to consider:

- There is no parking/drop off point at the new school site however, we have a park and stride-GET YOUR FREE PASS AT THE OFFICE;
- Take care crossing the road outside the school. There is a bus stop and the brick traffic calming ramps are NOT pedestrian crossings!
- Have you planned your new route to school? Check the web-site (travel plan) for suggested routes;
- Practice the route during the holidays - How long does it take? What roads do you need to cross? Is the path bumpy?
- Are you cycling or coming on your scooter? Remember your safety gear! And find out where to store it!
- Have you got a warm/waterproof coat ready for cold, wet windy days?
- If you're travelling along a footpath-check it out first. Some of the pathways could be a bit overgrown during the summer months!
- Be safe, be sensible – Let's be healthy and enjoy our new school!

Regards, The School Council
