

## Family Wellbeing Pack during COVID19

### Changes to the delivery of school nursing services

#### School Nursing

This is a difficult time for all of us including our children and emotionally can feel quite overwhelming. Do not suffer alone.

The school nurse offices are being manned so please call your usual school nursing number for any advice. We are aiming to offer the best service to our families at this unprecedented time and we are now able to accept referrals into the school nursing service and if required a virtual appointment can be arranged. Your local school nursing team can be contacted either through your school or details can be found on the Southern Health website:

<https://www.southernhealth.nhs.uk/services/child-health-services/school-nursing/>

We also have our **ChatHealth** text messaging service for young people between the ages of 11-19. ChatHealth allows young people in Hampshire to text messages to the dedicated number; the messages are then delivered to a secure website. Once received, the school nurse will respond to the text within one working day. This service is manned by a duty School Nurse 8:30 – 4:30 Mon-Fri and we are planning to extend this service to 6pm during this time. We offer general health and wellbeing advice and can signpost to other services if necessary.

**From the 1<sup>st</sup> of June 2020, parents of children 5 – 19 can also be signposted to the ChatHealth texting service: 07507332417.**
